ELECTRO MECH ENGINEERS

About us :

Electro Mech Engineers was established in 2005 to provide value added services to Power Industries. Electro Mech Engineers Offers vital and reliable services to Industrial Plants & Utilities for Power System Design, Protection & Automation Services.

We are Located in Mumbai City of Maharashtra, India, We have Wide Experience in the field of Testing, Commissioning, Design & Protection services which includes all types of Relay Testing, Relay Coordination, Relay Setting Calculations, Power System Studies etc.

We pleased to introduce ourselves as "Electro Mech Engineers" – Power System Protection Service Provider. We offered vital and reliable Services to Industrial Plants & Utilities for Power System Protection Services. Power System Protection Services Include Testing, Commissioning , Retrofitting, Power System Studies etc.

Welcome To System Protection :

Ensuring a constant blood flow in your body is the doctors' job, ensuring a constant power supply to your industrial plants is ours. And we take our job seriously. We at Electro Mech Engineers are a team of experienced and enthusiastic professionals who ensure that your operations are safe, economic and efficient. Our core expertise lies in performing vital and reliable field services in the areas of Electrical Testing, Commissioning, Maintenance and Consulting. A brief overview of our diverse set of services is as below :

- ▶ Testing and Commissioning services related to Protective and Numerical Relays, LV/MV/HV Panels, Switchyard Equipments, etc.
- ▶ Maintenance Services for all Indoor & Outdoor Sub-stations including Relays, Panels, Circuit Breakers, Other Switchyard Equipments, etc.
- ▶ Retrofitting and Repairing services.
- ▶ Consultancy services related to Relay Co-ordination & System Studies, Circuit Modification etc.

We work with the latest tools and equipments, ensuring the delivery of highest quality of Services. We have served over 200 major industrial clients, in Power Plant, Sugar Industries, Process Industries, Oil & Gas, Cement, Government, Fertilizers and various other core and non-core Sectors. We are located in Mumbai, but our exposure in throughout the India.

ELECTRO MECH ENGINEERS

Testing and Commissioning

- We have dedicated team of experts for Testing & Commissioning services of all types of Protection Relays, Control & Relay Panels, Switchgear Panels, Transformers, Motors and Sub-stations up to 132KV.
- Testing & Commissioning of Protection Systems of all types of Relays including Electro mechanical to Numerical Relays of all Manufacturers (ABB, Siemens, AREVA, GE, SEL, Woodward etc.)
- Testing & Commissioning of all types of Primary Equipments in Substation such as CT, PT, Circuit Breakers, Isolators, Transformers, Motors etc.
- Retrofitting and Revamping Activities of all types of Protection Systems.
- Third Party Inspection Services for Pre-commissioning activities.
- Sophisticated Testing Instruments for Testing of Power System Equipments and Numerical Testing Kit for Testing of Protection Relays.

Design & Engineering :

Design & Engineering Team provides reliable services in area of Power Plants, Industrial Plants, Sub-stations. Providing Electrical System Design, Layouts of Substations, Cable Schedule etc.

Experience of Our Team :

Engineering & Testing of Various Substations upto 132KV, Power Quality Analysis / Industrial plants for Protection Audit, Load Flow Study, Short Circuit Study, Relay Coordination Study & Relay Setting Calculation etc.

ELECTRO MECH ENGINEERS

Highly Equipped

ELECTRO MECH ENGINEERS

List of Equipments

- ▶ Relay Testing Kit Fully Automatic Universal (Computerised Test Set)
- ▶ Relay Testing Kit, Rating 0-100 Amp, 560 V AC, 350 V DC
- ▶ Primary Kit, Rating 0-2000 A
- ▶ Contact Resistance Meter (100 A DC), Make-Scope
- ▶ Breaker Time Interval Test Kit
- ▶ Energy Meter Calibrator Make-KoCos
- ▶ Transformer Testing Board
- ▶ Earth Megger, 4 Point & Clamp Meter
- ▶ IR Tester
- ▶ Multi Meter
- ▶ Tong Tester
- ▶ Leakage Tester
- ▶ Dimmer (1 Phase, 3 Phase)
- ▶ Breaker Release Tester (Siemens & L&T)
- ▶ Winding Resistance Meter
- ▶ Hi-Pot Test Kit -20 KV
- ▶ Phase Sequence Meter
